SUMMARY

Associate Software Analyst with experience in **Manual Testing, Automation Testing, API Testing, and Performance Testing** for enterprise banking applications. Skilled in designing and developing Cypress automation frameworks, REST API automation, CI/CD integration, and Agile testing methodologies. Proficient in Functional, Regression, Smoke, and UAT testing with a strong focus on software quality, reliability, and continuous improvement.

TECHNICAL SKILLS

Languages:	Java, JavaScript, Python
Databases:	SQL
Automation Testing:	Cypress, Playwright, Selenium
API Testing:	Postman
Performance Testing:	Apache JMeter
Frameworks:	Page Object Model (POM), BDD (Cucumber)
DevOps & Containers:	Docker
CI/CD:	GitLab CI/CD, Jenkins
Version Control:	Git
Test Management:	Jira, QASE
Operating Systems:	Linux

EXPERIENCE

Associate Software Analyst Finsurge Pvt Ltd	Aug 2025 - Present <i>Nagercoil, India</i>
---	---

Software Quality Analyst Intern Finsurge Pvt Ltd	Feb 2025 - Aug 2025 <i>Nagercoil, India</i>
--	--

- Designed and maintained scalable Cypress automation scripts for enterprise banking applications, improving regression testing efficiency.
- Built reusable automation frameworks using the Page Object Model (POM) and BDD (Cucumber) principles to improve maintainability.
- Developed REST API automation scripts using Cypress and performed API validation with Postman for request/response verification.
- Performed Functional, Regression, Smoke, API, SIT, and UAT testing to ensure application quality and stability.
- Automated validations for dynamic tables, filters, sorting, pagination, file uploads, and date-based workflows.
- Integrated Cypress automation suites with GitLab CI/CD pipelines for scheduled and event-driven test execution.
- Analysed Business Requirement Documents (BRDs) and Functional Specification Documents (FSDs) to design test scenarios, develop detailed test cases, and support automation development.
- Conducted performance testing using Apache JMeter and managed automation code using Git across multiple environments.

- Collaborated with developers, business analysts, and QA teams for defect tracking, validation, and Agile sprint delivery.

PERSONAL PROJECTS

TestBento – AI-Powered QA Test Management Platform *TypeScript, Next.js, React, Supabase, Gemini API*

- Engineered a full-cycle AI-powered QA Test Management Platform supporting requirement management, AI-generated test cases, review workflows, test execution, defect tracking, reporting, and analytics dashboards.
- Integrated Google Gemini API for automated test case generation and designed secure RBAC-based QA workflows using Supabase Authentication and Row-Level Security (RLS).
- Developed Requirement Traceability Matrix (RTM), interactive dashboards, and automated PDF/Excel reporting to monitor test coverage, execution progress, and audit-ready reports.

SpendSense – Personal Finance Tracker

React.js, Supabase, Recharts, PWA

- Developed a Progressive Web Application (PWA) using React.js and Supabase for secure expense and budget management.
- Implemented secure authentication, Row-Level Security (RLS), CRUD operations, and automated expense categorization.
- Built interactive dashboards using Recharts to visualize spending trends and custom financial reports.

EDUCATION

B.Tech in Information Technology, National Engineering College, Kovilpatti 2021 - 2025
CGPA : 7.7

HSC, Kamaraj Matriculation Higher Secondary School, Kovilpatti 2019 - 2021
Percentage : 90%

SSLC, Kamaraj Matriculation Higher Secondary School, Kovilpatti 2018 - 2019
Percentage : 88%

CERTIFICATIONS

- End-to-End JavaScript Testing with Cypress – LinkedIn Learning
- GitLab CI/CD – LinkedIn Learning
- Docker Essentials – IBM
- Performance Testing – Udemy
- Software Testing Foundations (AI)
- Linux – Great Learning
- Databases for Development – Oracle Dev Gym
- Python – Infosys Springboard
- Java – Udemy
- HTML/CSS – SoloLearn
- C – Coursera

ACHIEVEMENTS

- Secured **2nd Rank** in the national-level *BrandQuezt Contest* conducted by Firstnaukri; awarded a Certificate of Achievement and an Amazon voucher worth INR 3000.
